Here you can find not only mighty heroes, you can find mighty unique monsters too. These are worldbosses or the „custom dungeons“. These are hard dungeons, only the Arcadians find a way to enter. Here you will fight together with your friends the strongest monsters you have ever seen. But it is worth it. These dungeons reward you with powerful stats and items that could be found nowhere else in this universe. (maybe show tooltip of an item and a stat).

On Arcadia the adventurers are more diligent than anywhere else. So they are able to get legendary habits in all of the professions we know. Of course this will take time... but it is possible!
